## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members  
of the Borough Council  
Borough of Fanwood  
County of Union  
Fanwood, New Jersey 07023

We have audited the accompanying financial statements - statutory basis of the various individual funds and the account group of the Borough of Fanwood, County of Union, New Jersey as of and for the years ended December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed as financial statements - statutory basis in the foregoing table of contents. These financial statements - statutory basis are the responsibility of the management of the Borough of Fanwood, County of Union. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial statements contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Borough of Fanwood, County of Union, prepares its financial statements on a prescribed basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

# SUPLEE, CLOONEY & COMPANY

In our opinion, because the Borough of Fanwood prepares its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with U.S. generally accepted accounting principles, the financial position of the various individual funds and the account group of the Borough of Fanwood, County of Union, as of December 31, 2010 and 2009 or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year then ended.

However, in our opinion, the financial statements - statutory basis present fairly, in all material respects, the financial position - statutory basis of the various individual funds and the account group of the Borough of Fanwood, County of Union, as of December 31, 2010 and 2009, and the results of its operations and changes in fund balance - statutory basis for the years then ended and the revenues, expenditures and changes in fund balance - statutory basis for the year ended December 31, 2010, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated August 9, 2011 on our consideration of the Borough of Fanwood's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on its compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was made for the purpose of forming an opinion on the financial statements - statutory basis taken as a whole. The information included in the schedules of expenditures of federal awards and state financial assistance and the other supplementary schedules and data listed in the table of contents is presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

This report is intended for the information of the Borough of Fanwood, County of Union, New Jersey, the Division of Local Government Services and federal and state audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF FANWOOD

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2010 AND 2009

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of Fanwood is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

Except as noted below, the financial statements of the Borough of Fanwood include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Fanwood, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Fanwood do not include the operations of the regional school district, inasmuch as its activities are administered by a separate board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Borough of Fanwood conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Fanwood are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account groups:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Fund - receipts, custodianship and disbursements of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Public Assistance Fund - receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes.

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Operating grants are realized as revenue when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under, GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - the proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

Interfunds - Interfunds receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

C. Basis of Accounting (Continued)

General Fixed Assets – N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$1,000.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Property and equipment acquired by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized in their own respective funds.

The General Fixed Assets that have been acquired and that are utilized in the Current and General Capital Funds are instead accounted for in the General Fixed Asset Account Group. No depreciation has been provided on general fixed assets or reported in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Inventories of Supplies - the cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements for the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Borough of Fanwood had the following cash and cash equivalents at December 31, 2010:

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2010, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$563,634.81 was covered by Federal Depository Insurance and \$4,035,159.34 was covered under the provisions of NJGUDPA.

The plans are: the Public Employees' Retirement System, the Police and Firemen's Retirement System, and the Consolidated Police and Firemen's Pension Fund of New Jersey. The Division annually charges participating government units for their respective contributions to the plans based upon actuarial methods.

NOTE 6: PENSION PLANS (CONTINUED)

Certain portions of the costs are contributed by the employees. The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$557,115.40 for 2010, \$275,168.40 for 2009 and \$480,089.36 for 2008.

Certain Borough employees are also covered by Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefits with the system's assets is not available from the State Retirement System and, therefore, is not presented.

NOTE 9: TERMINATION BENEFITS

Under existing policies of the Borough, employees, upon attaining retirement accumulate one day's pay for each year of service which may be taken as time off or paid in a lump sum. The accumulated cost of such unpaid termination compensation is not required to be reported in the financial statements as presented and has not been determined but is probably immaterial. The Borough annually appropriates the amounts that are required to be paid in that year's budget and no liability is accrued at December 31, 2010.

NOTE 10: CONTINGENT LIABILITIES

The Borough participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. These programs are subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2010, the Borough does not believe that any material liabilities will result from such audits. The Borough has been notified that property purchased by the Borough in 2009 may have environmental contamination issues that require clean-up. The costs for clean-up are unknown but may be material to the financial statements. No liability for these costs has been accrued as of December 31, 2010.

NOTE 11: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough participates in a self insurance program through the Garden State Joint Insurance Fund covering each of those risks of loss. The Fund is operated in accordance with regulations of the New Jersey Department of Insurance and the Division of Local Government Services of the Department of Community Affairs. The Borough's contribution to the Fund for claim payments are based on actuarial assumption determined by the Fund's actuary. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough.

NOTE 11: RISK MANAGEMENT (CONTINUED)

The plan, available to all Borough employees, permits them to defer a portion of their salaries until future years. The Borough does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Borough's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

All assets of the plan are held by an independent administrator, the Lincoln National Life Insurance Company.

NOTE 16: GASB 45: OTHER POST-EMPLOYMENT BENEFITS

Plan Description. The Borough contributes to the State Health Benefits Program (SHBP) a cost-sharing, multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 *et seq.* to provide health benefits to State employees, retirees, and their dependents. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions>.

Funding Policy. Contributions to pay for the health premiums of participating employees in the SHBP are billed to the Borough on a monthly basis. Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. In accordance with Chapter 62, P.L. 1994, post-retirement medical benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.
